Big Tour Review

- Thank-you letters to be done by students who arranged the different parts of the tour (whoever communicated with Toro to arrange that tour writes up a thank-you to Toro).
  
  Letters to be signed by A. Nykamp or Dr. Van Gaalen.

- Companies where people talked about the transition from college to work were especially helpful.

- We need to attract more varying emphases, especially if we go to companies that focus on non-mechanical engineering.

Tour coming up for new apartments

- in April.

- more information later.

- Dr. Timmer is the one behind this.
